

Three Card Poker

Casino brag is a new and exciting way to play poker in the casino.

You can either place a bet that your three-card poker hand will consist of at least a pair or bet that your three card hand will be higher than the dealers. And of course you can wager on both games at the same time.

Where To Bet

Playing and winning couldn't be more intuitive, you simply wager in any of the following ways:-

Placing a bet on the PAIR PLUS:

You win if your hand consists of a pair or higher

Placing bets on both "PAIRS PLUS and "ANTE":

You win as stated above.

Placing a bet on the 'ANTE' space:

You will win if your hand is higher than the dealers or the dealer doesn't open.

Playing The Pair Plus

If you wagered on the PAIR PLUS and you have a pair or higher YOU HAVE WON! Irrespective of the dealers hand you will be paid at the following odds.

HAND	PAYOUT
STRAIGHT FLUSH	35 TO 1
THREE OF A KIND	33 TO 1
STRAIGHT	6 TO 1
FLUSH	4 TO 1
PAIR	1 TO 1

Playing The Ante

If you wagered on the ANTE, you have two choices. If you believe that your hand will beat the dealer's hand, you must place an amount equal to the ANTE. Inside the box marked PLAY together with the your + cards. Otherwise you can fold your hand.

After all the cards have been played the dealer will disclose their hand and compare it with the players hand.

If you stayed in the game and your hand beats the dealers both of your ANTE and PLAY wagers will win and will be paid at 1 to 1.

If the dealer does not open (dealer only plays with QUEEN or higher) your ANTE will automatically win and paid at 1 to 1 while your PLAY wager will stand off.

The Ante Bonus

With Casino Brag you can win an extra bonus. Even if the dealers hand is higher than yours, if your hand consists of

HAND	PAYOUT
STRAIGHT FLUSH	5 TO 1
THREE OF A KIND	4 TO 1
STRAIGHT	1 TO 1

You may not exchange cards or communicate information concerning your respective hands with other players.

It is your responsibility to establish the value of your hand.

Your cards must be in full view at all times. Your hand may be deemed void if your cards removed below the table.

Incorrect numbers of cards dealt will result in a misdeal being called.

Prime Bet

The player has the chance to place a wager on the outcome of the colour of the their cards and the dealers. If they have three cards of the same colour they would get paid at the odds of 3-1, if their cards and the dealers cards are the same colour they will get paid at the odds of 4-1.
